

## CRC® FR Clothing Insect Repellent

A special insect repellent to be used as a clothing treatment for Flame Resistant Clothing. Product is tested safe per ASTM F2621-06, Electrical ARC and Flammability Test.

**Applications:** For the treatment of clothing used by any outdoor worker that is exposed to insects around electric and power utilities, telecommunications equipment and installation sites, bridge and tower maintenance, cable and wire installation sites, industrial plant grounds and warehouses.

- Apply directly to Flame Resistant (FR) clothing without destroying the clothing's protection properties
- Non-deet insect repellent
- This product is not to be used on the skin; can be applied to any article of clothing
- Contact insecticide repels and kills insects
- Effective against mosquitoes, gnats, ticks, chiggers, fleas, biting flies and other flying insects
- Binds to fabric; one treatment lasts up to two weeks even through washing
- Non-flammable
- Conforms to ASTM F2621-06: Standard Practice for Determining Response Characteristics and Design Integrity of Arc Rated Finished Products in an Electric Arc Exposure
- **Not a consumer product**
- **For sale in the United States ONLY**
