

SPILL CONTROL STATION™

Spills happen. Be ready.

MAT ROLLS

Rolls fit on cabinet's drop-in bar for easy dispensing.

WIPER ROLLS

Fit on cabinet's drop-in bar; great for cleaning work surfaces, tools and hands.

MAT PADS

Pads control spills and overspray to help keep floors dry and safe. Large surface area quickly soaks up liquids on contact. Choose pads for grab-and-go convenience.

ABSORBENT SOCKS

Ideal for surrounding spilled fluids or wrapping around leaky machines. Easy and convenient to put into place. Flexible to conform around machine bases and offer a snug fit with no seepage.

ABSORBENT PILLOWS

High-volume absorbency lets you keep pillows in place longer underneath constant drips and steady leaks. Easy to place in hard-to-reach areas — use under machines and leaky hydraulic hoses or wedge in corners that are cramped for space.

SPILL CONTROL STATION™

Leave spill response to us! Get the absorbents you need when and where you need them in an organized, custom cabinet. Your Applied MSSSM Account Manager will maintain your inventory for you so you can focus on the job at hand.
