

Vendor Managed Inventory Solutions

Every Small Part Counts We're Here To Manage Them For You!®

Vendor Managed Inventory (VMI)

Applied Maintenance Supplies & Solutions® helps you take control of maintenance costs, reduce the hassles of finding replacement parts and increase productivity.

Why VMI?

- » **Reduce Costs:** prevent stockouts and overstocks
- » **Increase Productivity:** focus on core business functions while Applied MSS manages your MRO inventory
- » **Streamlined Processes:** the right product, when you need it, where you need it

OUR VMI CAPABILITIES INCLUDE:

- » Dock-to-Stock service
- » A wide array of vending options
- » Replenishment cycle schedule based on needs
- » Real-time detailed quote generation
- » Real-time purchase order processing
- » Dedicated account managers
- » Labels available with every order

VMI allows
you to increase
efficiencies while
reducing costs.

ASSORTMENTS

All the popular products from each category have been bundled into a selection of convenient assortments!

Applied MSSSM 6-S Inventory Management

Applied MSSSM specializes in the identification, organization, replenishment and supply of all the major categories of consumable maintenance parts used in your daily operations. Our goal is to provide the highest quality products, and help you increase productivity through our service, dedication and commitment.

Improve your operational productivity with a lean managed system.

The 6-S System allows Applied Maintenance Supplies & Solutions[®] to manage MRO inventory to customer specifications. Using lean principles keeps your small parts inventory organized and in stock, maximizing your productivity.

- » **SORT** – Organize, sort and separate what parts are needed & not needed in the work area
- » **SET IN ORDER** – Bin, label and arrange items so that they are ready & easy to use
- » **SHINE** – Maintain a clean workspace for ease of identifying parts
- » **STANDARDIZE** – Set min and max levels on a frequent basis and revisit to confirm usage
- » **SAFETY** – Maintain a safe work environment and continue to improve safety in the workplace
- » **SUSTAIN** – Consistent service that continues to improve every day

Applied MSSSM VMI Solutions

Storage & Vending

- Control options from individual access to absolute control
- Bins, cabinets, lockers, flammable cabinets, drawers, Inventory IQ and more

Clean Sweep

- Balance excess and obsolete inventory with our Clean Sweep Program™

LEA

- Storage equipment at no charge to your facility
- Hit the ground running with a lean managed facility, stocked only with the parts you need

The Applied MSSSM Transformation Process

Site Survey » Plan-o-graph » Review Recommendations » Develop Conversion Schedule » Convert » Sustain

SITE SURVEY

- Review your site needs, concerns, set up and processes

PLAN-O-GRAPH

- A blueprint view of our recommended set up based on your available space

REVIEW RECOMMENDATIONS

- Review potential cost savings, suggested inventory and storage needs
- Schedule your shop's transformation

DEVELOP CONVERSION SCHEDULE

- Based on size and materials needed, and customer availability

CONVERT

- Applied MSSSM removes unneeded materials and installs new bins/cabinets
- Sort, put away and label products

SUSTAIN

- We maintain both your physical space and your MRO inventory levels to ensure maximum productivity and cost savings

WE BRING ORDER TO CHAOS

At Applied MSSSM we transform your current operation into an efficient, fully-stocked, custom parts system. Installing the right storage solution in your shop will provide a substantial ROI through reduced down-time, increased productivity, space savings and less time wasted looking for the right part.
